

What would make a caring neighbourhood?

We asked students in North Oakville and here's what they said:

Did you know that 1 in 2 grade ten students in North Oakville think their neighbourhood is caring?

How can you make this reality?

Youth

- Get to know your **neighbours** – ask someone to introduce you
- Get **involved** in your neighbourhood, take up a **cause** or do **acts of kindness**
- Share your **voice** – tell your community about the **importance** of youth voice and **connect with the NOYDC** - Contact siobhan@ourkidsnetwork.ca or (905)- 580- 0862

Adults

- Say **hello** to youth, **smile**, and have a **friendly chat**
- Invite youth to get **involved** in community projects where they **share** in decision-making
- Find out a youth's passion and **mentor them** or help them make **connections** to pursue their ideas
